Report on the Audits of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Connecticut Health Insurance Exchange (dba: Access Health CT), as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Connecticut Health Insurance Exchange (dba: Access Health CT)'s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Connecticut Health Insurance Exchange (dba: Access Health CT) as of June 30, 2022 and 2021, and the respective changes in financial position, and, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Connecticut Health Insurance Exchange and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Change in Accounting Principle

As discussed in Note 1 to the financial statements, effective July 1, 2021, the Connecticut Health Insurance Exchange (dba: Access Health CT), adopted new accounting guidance for leases. The guidance requires lessees to recognize a right-to-use lease asset and corresponding lease liability and lessors to recognize a lease receivable and corresponding deferred inflow of resources for all leases with lease terms greater than twelve months. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Connecticut Health Insurance Exchange's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Connecticut Health Insurance Exchange's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Connecticut Health Insurance Exchange's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Connecticut Health Insurance Exchange's basic financial statements. The supplementary schedule of expenses - budget and actual (non-GAAP budgetary basis) is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary schedule of expenses - budget and actual (non-GAAP budgetary basis) is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2022, on our consideration of the Connecticut Health Insurance Exchange's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Connecticut Health Insurance Exchange's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Connecticut Health Insurance Exchange's internal control over financial reporting and compliance.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022, 2021, AND 2020**

1.0 Introduction:

Tracking and profiling the financial activity of the state-based insurance marketplace is an essential task to ensure efficient operations and optimal allocation of resources. The following document contains a discussion and analysis of the Connecticut Health Insurance Exchange's (hereafter referred to as Access Health CT ("AHCT" or "Exchange")) financial performance and net position for the fiscal years ended June 30, 2022, 2021 and 2020. The management of AHCT has prepared this document to provide an overview and analysis of the basic financial statements of AHCT, and it should be read in conjunction with the statements, tables, exhibits and notes that follow this section.

3.0 Background of Access Health CT:

AHCT, which is the brand name under which the Connecticut Health Insurance Exchange does business, was created pursuant to Connecticut enabling legislation Public Act (PA) 11-53, effective July 1, 2011 "as a body politic and corporate, constituting a public instrumentality and political subdivision of the state, that shall not be construed to be a department, institution or agency of the state." PA 11-53 is codified in Connecticut General Statutes (CGS) §38a-1080 through 1093. AHCT was established as a Quasi-Public Agency, subject to the requirements of the Quasi-Public Agency Act, CGS §1-120 et seq.

The goals of AHCT as outlined in CGS §38a-1083(b) mirror the goals of the Federal Patient Protection and Affordable Care Act (ACA) "to reduce the number of individuals without health insurance in this state and assist individuals and small employers in the procurement of health insurance by, among other services, offering easily comparable and understandable information about health insurance options."

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022, 2021, AND 2020**

3.0 Background of Access Health CT: (Continued)

AHCT is governed by a 14-member Board of Directors. Members include ex officio state government officials and members appointed by both the legislative and executive branches of state government. AHCT staff has worked closely with its Board to ensure that its governance structure remains in compliance with the ACA and any and all relevant State and Federal regulations. The Board meets primarily monthly and has focused on Exchange strategy and policy development, and the operations of the Exchange's Qualified Health Plan (QHP) requirements. Future updates and changes to the ACA, or any other applicable Federal and/or State laws, regulations, and guidance continue to be monitored and changes are made by the Board to the Exchange's Bylaws and Policies and Procedures as required.

Section 1311 of the ACA provides funding assistance to the states to help them plan and establish their marketplaces. AHCT received establishment and various Federal assistance awards pursuant to the ACA between 2010 and 2016. All of these grants were closed as of December 31, 2016.

AHCT successfully launched its State-based Integrated Eligibility System (IES) and Health Insurance Marketplace on October 1, 2013, for the plan year beginning January 1, 2014. According to the ACA, marketplaces were required to be self-sustaining by January 1, 2015. The operational sustainability of AHCT is achieved by issuing annual Health and Dental Marketplace Assessments to carriers that are capable of offering a qualified health plan through the Exchange. Connecticut PA 11-53 and 13-247 initially gave AHCT the authority to charge assessments to fund the Exchange's operations and to charge interest and penalties to carriers failing to pay the assessments and fees required. This is now codified in CGS §38a-1083 (c)(7).

During its 2014 legislative session, the Connecticut General Assembly passed PA 14-217, which included provisions providing additional enforcement authority for the Exchange's assessment. Specifically, the Legislature added Subsection (d) to CGS §38a-1083 directing the Commissioner of Insurance to see that all laws respecting the authority of the Exchange are faithfully executed. In enforcing the assessment, the Commissioner "has all the powers specifically granted under Title 38a and all further powers that are reasonable and necessary."

AHCT issued its first annual Health and Dental Marketplace Assessment in January 2014 to carriers that were capable of offering a qualified health plan through the Exchange. Assessments are billed and collected on a calendar year basis, with \$35.1M and \$31.4M collected for 2020 and 2021 assessments, respectively. Collections for 2022 calendar year assessments were \$16.2M as of June 30, 2022.

4.0 Access Health CT Business Model:

During the fiscal years ended June 30, 2014 - 2017, grant funds and health and dental marketplace assessments were the two revenue sources for AHCT, with the fiscal year ended June 30, 2018 being the first year of self-sustainment solely from the health and dental marketplace assessments. The investment for the development of the State Exchange was entirely funded from the Federal grant dollars awarded. This Federal investment was expected to cover all development, start-up, and operating expenses during the first year of operations and approved extension periods. The ongoing operational charges for AHCT were not funded by Federal grant funds after December 31, 2014. Ongoing operations are funded with health and dental marketplace assessments and cost reimbursements from the Connecticut Department of Social Services (DSS) related to operational functions and maintaining and operating the Integrated Eligibility System (IES). In fiscal year 2022, AHCT received a federal grant in connection with the American Rescue Plan Act.

(DBA: ACCESS HEALTH CT)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022, 2021, AND 2020**

4.0 Access Health CT Business Model: (Continued)

AHCT's commitment to transitioning to a self-sustaining entity has focused on building a sustainable operating model. Continued efforts in technology, plan management and consumer engagement by AHCT have been fundamental to the success and progress of AHCT to date. AHCT continues to work diligently on technology, focusing on three essential areas: improving operational processes, growing sustainability across the technology footprint and enhancing the customer experience through innovation. AHCT continues to ensure the necessary financial processes and procedures are developed and implemented.

The Connecticut General Assembly passed PA 15-5 granting AHCT the authority to create legal subsidiaries during its 2015 legislative session. This authority will support the Exchange's sustainability efforts to generate additional revenue by offering additional products or services. Sections 503 and 504 of PA 15-5 amended CGS §38a-1083 to provide, in part, that "(a) The Exchange may establish one or more subsidiaries for such purposes as prescribed by resolution of the Board of Directors of the Exchange, which purposes shall be consistent with the purposes of the exchange, provided no subsidiary shall be established for the purpose of providing insurance broker services, except dental or vision services, as necessary." No legal subsidiaries have yet been established.

AHCT has continued its partnerships with multiple state agencies through the execution of Memorandums of Understanding (MOU) and/or Memorandums of Agreement (MOA) in order to leverage state resources and expertise to operate the Exchange:

- AHCT maintains an MOA with DSS to document the specific roles and responsibilities of each agency. As a result, certain costs are shared by DSS and AHCT and the parties have paid varying allocation rates since 2013. New IES design, development, and implementation costs are paid 84% by DSS. Additionally, the allocation of costs to DSS for Call Center operations is based on utilization and is approximately 70% with some other operational costs shared at a rate of 86%, paid by DSS starting in 2018. DSS also operates a joint hearings unit on behalf of AHCT with AHCT paying its allocated costs based on actual utilization starting in 2018.
- AHCT leveraged an existing DSS Contract with Conduent for operational support services. This arrangement did not require AHCT to contract directly with Conduent. AHCT is cost-sharing certain operational services with DSS based on the volume of use applicable to AHCT. The MOA with DSS states that costs will be split with DSS covering 86% of costs and AHCT covering 14% starting in 2018.
- AHCT has an MOU with the Connecticut Department of Administrative Services' (DAS) Bureau of Enterprise Systems and Technology (BEST), now known as the Bureau of Information Technology Solutions (BITS), for technology hosting and support roles that BEST provides to AHCT for the IES shared by AHCT and DSS. The allocation of costs for certain operational costs are shared, 86% paid by DSS starting in 2018.
- AHCT had an MOA with the Connecticut Department of Public Health (DPH) for COVID-19 vaccination call center services as well as community outreach efforts which was 100% paid by DPH in 2021.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022, 2021, AND 2020**

4.0 Access Health CT Business Model: (Continued)

In addition, AHCT has partnered with several strategic vendors to address key requirements of marketplace development and operations:

- AHCT utilizes a call center vendor for customer support and services. In August 2016, AHCT executed a contract with Faneuil, Inc. to provide customer care and other business processing support, following an extensive open bid process. In August 2019, this contract was extended for two one-year extensions. On August 31, 2021 it was extended for a renewing three month period. In February 2022, TTEC Government Solutions, LLC purchased a portion of Faneuil's assets including the August 2016 contract with AHCT.
- Technology development and maintenance services firms such as Deloitte and New Fields Technologies continue to assist AHCT in the introduction of new functionality and enhancement of systems, and improvement of our customer experience and service.
- Various marketing and communications firms have supported AHCT's creative development, community outreach, media buying and the execution of AHCT's campaigns to reach and engage Connecticut consumers.
- Operational support in printing and mailing notices and forms is performed by Printmark Services (formerly dba Kool Inc., LLC).
- AHCT leverages a State of Connecticut contract, which supports operations specific to paper application and document scans.

5.0 Summarized Financial Information:

AHCT's financial report includes three financial statements:

1. The Statements of Net Position (Balance Sheet)
2. The Statements of Revenues, Expenses and Changes in Net Position
3. The Statements of Cash Flows

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (GASB). Under this method of accounting, an economic resources measurement focus and an accrual basis of accounting is used, similar to private industry. Income is recorded when earned, and expenses are recorded when incurred.

The Statement of Net Position presents information on AHCT assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of AHCT is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position reports income and expenses of AHCT for the fiscal year. The difference - increase or decrease in net assets - is presented as the change in net assets for the fiscal year. The cumulative differences from inception forward are presented as the net assets of AHCT, reconciling to total net assets on the Statement of Net Position.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022, 2021, AND 2020**

5.0 Summarized Financial Information: (Continued)

The Statement of Cash Flows presents information showing how AHCT cash and cash equivalent positions changed during the fiscal year. The Statement of Cash Flows classifies cash receipts and cash payments as resulting from cash provided by operating activities and cash used for capital assets and related financing activities. The net result of those activities is reconciled to the cash balances reported at the end of the fiscal year. This statement is prepared using the direct method, which allows the reader to easily understand the amount of cash received and how much cash was disbursed.

6.0 Revenues, Expenses and Changes in Net Position:

Summarized financial information as of and for the years ended June 30, 2022, 2021 and 2020 is as follows:

	<u>2022</u>	<u>2021</u> (as Restated)	<u>2020</u>
Operating Revenues:			
Marketplace Assessment	\$ 31,464,792	\$ 33,248,504	\$ 34,202,731
Intergovernmental Revenue	866,255	-	-
Private Grants	25,000	-	-
Total Operating Revenues	<u>32,356,047</u>	<u>33,248,504</u>	<u>34,202,731</u>
Operating Expenses:			
Wages	7,891,066	7,780,126	7,365,537
Fringe Benefits	3,074,934	3,001,740	2,844,256
Consultants	13,246,217	15,621,005	16,626,189
Maintenance	2,720,880	2,219,368	1,555,495
Administration	519,623	636,231	979,231
Equipment	910,784	748,221	792,460
Travel	42,218	6,311	35,008
Supplies	5,598	6,337	16,039
Depreciation and Amortization	3,201,284	1,662,302	935,604
Total Operating Expenses	<u>31,612,604</u>	<u>31,681,641</u>	<u>31,149,819</u>
Net Operating Gain (Loss)	743,443	1,566,863	3,052,912
Nonoperating Revenues:			
Interest Income	64,671	26,828	383,172
Loss on disposal of capital assets	-	-	-
Total Nonoperating Revenues (Expenses)	<u>64,671</u>	<u>26,828</u>	<u>383,172</u>
Change in Net Position	808,114	1,593,691	3,436,084
Net Position - Beginning of Year	<u>34,545,570</u>	<u>32,951,879</u>	<u>29,515,795</u>
Net Position - End of Year	<u>\$ 35,353,684</u>	<u>\$ 34,545,570</u>	<u>\$ 32,951,879</u>

Total 2022 operating revenues have decreased due to the anticipated decrease in the Marketplace Assessments. Marketplace Assessments are charged to all health and dental carriers that are capable of offering a qualified health plan through the Exchange to generate the funding necessary to support the operations of AHCT. Marketplace Assessment revenue decreased in 2022 compared to 2021, and also in 2021 compared to 2020, due to fluctuations in the underlying carrier premiums used in the calculation of assessments. Marketplace Assessments are billed and collected on a calendar year basis.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022, 2021, AND 2020**

6.0 Revenues, Expenses and Changes in Net Position: (Continued)

Operating expenses consist primarily of consultant expenses that are related to technology; the Individual and SHOP marketplaces; marketing AHCT's brand; as well as operating costs for the Call Center. Depreciation and amortization are related to the capitalization of various enterprise information systems and the lease for office space. Total operating expenses decreased slightly in 2022 compared to 2021 primarily due to marketing and outreach strategies. There was an increase in operating expenses in 2021 compared to 2020 primarily due to increases in SHOP and Individual Outreach efforts in addition to filling vacancies more efficiently as well as an increase in employee medical plan costs.

Salaries and benefits are aligned with staffing in administration and operations. Wages in 2022 increased slightly due to the efficient filling of vacant positions and performance-based increases. Administration expenses including operating expenses associated with business operations and insurance are relatively stable year-over-year. As a result of the cost reimbursement from DSS for shared costs, total operating expenses were reduced by \$18.9M, \$19.5M and \$17.8M in 2022, 2021 and 2020 respectively.

Cash and cash equivalents primarily include funds received from DSS for reimbursement of costs incurred by AHCT and marketplace assessments received, net of expenditures.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022, 2021, AND 2020**

7.0 ACCESS HEALTH CT NET POSITION: (Continued)

Accounts receivable at June 30, 2022 includes federal grants receivable as well as amounts owed from DSS and from carriers for Marketplace Assessments. The accounts receivables from DSS, and in 2021 from DPH, represent the DSS and DPH reimbursable portions of amounts paid and accrued by AHCT. This results from timing of AHCT payments and DSS and DPH reimbursements.

The Exchange maintains separate accounts for its operating and reserve funds: Operating funds are in an account with a commercial bank, and the remaining reserve funds are in an account with the State of Connecticut Treasurer's Short-Term Investment Fund (STIF). The STIF is an investment pool of high-quality, short-term money market instruments for state and local governments. The STIF provides a safe, liquid, and effective investment vehicle for the operating cash of the State Treasury, state agencies and authorities, municipalities, and other political subdivisions of the state, pursuant to CGS §3-27a and 3-27b. The STIF is required to maintain a designated surplus reserve to provide an added layer of security. Throughout fiscal year 2022, the Exchange maintained a Zero-Balance Account utilizing a Treasury Repurchase Investment Account that eliminated the overnight custodial credit risk for its commercial bank operating account. In addition, the Exchange actively manages the balances held in STIF and its commercial bank operating account with the goal of ensuring that funds are available to meet all disbursements.

Accrued liabilities represents accrued expenses for consulting services, administrative services and amounts due to DSS for shared services incurred on behalf of AHCT.

8.0 CAPITAL ASSETS

At June 30, 2022, AHCT had \$61M invested in capital assets, \$14.2M net of accumulated depreciation. This consists primarily of the capitalization of software development costs as well as equipment. Capital assets for fiscal year ending June 30, 2021 were restated due to implementation of GASB Statement No. 87 *Leases*. See Note 1 and Note 4 for more information.

Capital Assets at Year-End, Net of Depreciation

	<u>2022</u>	<u>2021</u> (as Restated)	<u>2020</u>
Capital Assets not Being Depreciated	\$ 3,736,757	\$ 4,391,962	\$ 2,766,114

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2022, 2021, AND 2020**

9.0 Currently Known Facts, Decisions or Conditions:

James Michel was selected as the Interim Chief Executive Officer by the Board of Directors effective June 14, 2018 and was appointed as CEO on September 20, 2018. Mr. Michel joined AHCT in March 2013 as its first Operations Manager; promoted to Director of Operations in June 2014; and to Director of Finance in June 2017.

Anthony Crowe was appointed as Chief Operating Officer in July 2018. He joined AHCT in 2013 holding several roles leading enterprise initiatives focused on growing community partnerships, improving the customer experience and strengthening operations systems.

In March of 2021, Charles Klippel was appointed by Governor Lamont as the Chair of the AHCT Board of Directors. Mr. Klippel is the former Senior Vice-President and Deputy General Counsel of Aetna, Inc.

Since the last annual financial statements, AHCT has made approximately 200 system changes which improved the layout and functionality of the Consumer Portal, implemented legislative/regulatory compliance with state and federal policy updates, reduced volume of individual mailings received by consumers, and continued focus on improving known customer friction points. New information systems' features to be released for 2023 will focus on integrating Stand Alone Dental into the existing shopping and enrollment experience, further improved customer experience and self-service, compliance with changing federal/state policy, and improved efficiencies in communications. There are currently three major releases completed or planned for fiscal year 2023.

In 2013, responsibility for the planning and implementation of the All Payer Claims Database (APCD) was transferred to AHCT by the Connecticut General Assembly. In 2017, the APCD was transferred to the Health Information Technology Officer (HITO) at the Office of the Healthcare Advocate, and eventually to the Office of Health Strategy. AHCT operated the APCD for the HITO and the Office of Health Strategy through a Memorandum of Agreement until June 30, 2019 when its operation transferred to the Office of Health Strategy and AHCT assigned its interests in the contract with Onpoint Health Data as the data management vendor for the APCD to the Office of Health Strategy (OHS). AHCT no longer has any responsibility for the operation of the APCD, but legislation was passed in 2021 requiring AHCT to assess insurance companies to fund the operation of the APCD and transfer said funds to OHS each year.

In 2018, AHCT began focusing on creating six core organizational values: authenticity, integrity, excellence, ownership, one team and passion. The implementation of these organizational values provides guidance in terms of how the organization operates, and how employees work with each other and customers. These values incorporate the mission and vision of the organization and define behaviors.

The AHCT Board of Directors voted to approve for calendar years 2022 and 2021, the Exchange's Marketplace Assessment Rate of 165 basis points (1.65%) as part of the approval of each year's annual Operating Budget. This marketplace assessment rate has remained unchanged since calendar year 2016.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Connecticut Health Insurance Exchange dba: Access Health CT, hereafter referred to as Access Health CT (AHCT) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the AHCT are described below.

A. Reporting Entity

AHCT is a body politic and corporate, and constituting a public instrumentality and political subdivision of the state of Connecticut. Access Health CT was established pursuant to Public Act No. 11-53 and is codified at Connecticut General Statute (CGS) § 38a-1080 through 1093. The goals of AHCT are to reduce the number of individuals without health insurance in the state of Connecticut and to assist individuals and small employers in the procurement of health insurance by, among other services, offering easily comparable and understandable information about health insurance options. Access Health CT was established as a quasi-public agency.

AHCT is governed by a 14-member board of directors (the board). Members include ex-officio state government officials and private sector members appointed by both the legislative and executive branches of state government. The mission of AHCT, and by extension the mission of the board, is to increase the number of insured residents, improve health care quality, lower costs and reduce health disparities through an innovative, competitive marketplace that empowers consumers to choose the health plan and health care providers that best meet their needs.

The investment for the development of the State Marketplace was entirely funded from federal grant awards. This federal investment covered all development, start-up and ongoing operating expenses. In 2014, pursuant to policies and procedures and statutory authority, AHCT began charging a market assessment to fund its operations.

Beginning in 2014, Americans had access to health coverage through newly established exchanges in each state. In Connecticut, individuals and small businesses use AHCT to purchase affordable health insurance from a choice of qualified health plans offered by various insurers. AHCT ensures that participating health plans meet certain standards and uses ratings from the National Committee on Quality Assurance (NCQA) and converts it to a star system to facilitate choices. Individuals and families purchasing health insurance through AHCT may qualify for premium tax credits if their household income is between 138% and 400% of the Federal Poverty Level (FPL) and between 100% and 138% of the FPL for certain individuals and families that may not meet the residency requirements for Medicaid, and reduce cost-sharing if their household income is between 138% and 250% of the FPL. AHCT coordinates eligibility and enrollment with State Medicaid and Children's Health Insurance Programs to ensure all Connecticut residents have access to affordable health coverage.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting and Financial Statement Presentation

AHCT is a quasi-public agency accounted for as an enterprise fund and categorized as a business-type activity. Operations are financed on a continuing basis primarily through marketplace assessments.

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Operating revenues and expenses are distinguished from nonoperating items. Operating revenues and expenses are those that result from providing and delivering goods and services. Nonoperating revenues and expenses are those related to capital and related financing, noncapital financing, or investing activities.

C. Cash and Cash Equivalents

AHCT's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

D. Accounts Receivable

All receivables are reported net of estimated uncollectible amounts. No allowance was recorded as of June 30, 2022 and 2021.

E. Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

F. Capital Assets

Capital assets are defined by AHCT's policy as individual assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Capital assets comprise software development in progress, as well as equipment and other software. Computer equipment is recorded and tracked to ensure accountability. Assets are recorded individually to the extent possible to ensure proper accountability and accurate depreciation, and to allow for specific identification for recording of disposition.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Capital Assets (Continued)

Design, development and implementation costs incurred for the AHCT state-based marketplace application are capitalized as software development in progress in accordance with GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets. The funds for this development project were initially provided from federal funds awarded to AHCT and the Connecticut Department of Social Services (DSS) from each organization's U.S. Department of Health and Human Services (HHS) grant applications. Software development subsequent to the initial grant funding is provided by the operational assessments of AHCT.

The AHCT state-based marketplace application is an integrated eligibility system (IES) that determines eligibility and facilitates enrollment for both AHCT's and DSS's programs in addition to other functionality. In applying for the awarded funds, a cost allocation methodology was also filed and approved to allocate the accountability for development costs between AHCT and DSS. This allocation was 16% to AHCT and 84% to DSS. Prior to November 2014, the allocation was 71.47% to AHCT and 28.53% to DSS. While both AHCT and DSS jointly design and develop the system, AHCT is the procuring entity and, therefore, initially funds all design, development and implementation costs and then is cost reimbursed by DSS for the share allocated to DSS. Design, development and implementation costs, including capital assets, are presented net of the DSS reimbursement.

Capital assets will be depreciated using the straight-line method over the following estimated useful lives:

Software	3 Years
Furniture and Equipment	5 Years

Depreciable lives are based upon actual expected use by AHCT, not by tax lives or other general estimates.

Included in capital assets are right-to-use lease assets as explained further on Note 1.G.

G. Leases

AHCT determines if an arrangement is a lease at inception. Leases are included in capital assets and lease liabilities in the statements of net position.

Lease assets represent the AHCT's control of the right to use an underlying asset for the lease term, as specified in the contract, in an exchange or exchange-like transaction. Lease assets are recognized at the commencement date based on the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. Lease assets are amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Leases (Continued)

Lease liabilities represent the AHCT's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the commencement date based on the present value of expected lease payments over the lease term, less any lease incentives. Interest expense is recognized ratably over the contract term.

The lease term may include options to extend or terminate the lease when it is reasonably certain that AHCT will exercise that option.

AHCT has elected to recognize payments for short-term leases with a lease term of 12 months or less as expenses as incurred, and these leases are not included as lease liabilities or right-to-use lease assets on the statements of net position.

Not all the individual lease contracts provide information about the discount rate implicit in the lease. Therefore, AHCT has elected to use their incremental borrowing rate to calculate the present value of expected lease payments.

AHCT accounts for contracts containing both lease and non-lease components as separate contracts when possible. In cases where the contract does not provide separate price information for lease and non-lease components, and it is impractical to estimate the price of such components, AHCT treats the components as a single lease unit.

H. Net Position

Net position represents the difference between assets and liabilities. The components of net position are detailed below:

Net Investment in Capital Assets

This component of net position consists of capital assets, net of accumulated depreciation/amortization and related debt.

Restricted

Net position is considered restricted when there are externally imposed restrictions by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted

This component of net position includes anything that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is AHCT's policy to use restricted resources first, then unrestricted resources as they are needed.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Marketplace Assessments

Connecticut PA 11-53 authorizes AHCT to “charge assessments or user fees to health carriers that are capable of offering a qualified health plan through the Exchange.” This assessment authority is a critical underpinning for AHCT’s operational sustainability. Public Act 13-247 gives AHCT the authority to charge interest and penalties to carriers failing to pay the assessments and fees required to fund Exchange operations. This is codified at CGS § 38a-1083(c)(7).

Marketplace assessment payments received prior to the accounting period they pertain to are recorded as unearned revenue and amortized to revenue over the related term.

As of June 30, 2022 and 2021, unearned revenue is entirely composed of marketplace assessments.

J. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

K. Reclassifications

Certain amounts on the financial statements as June 30, 2021 have been reclassified, with no effect on net position, to be consistent with classification adopted for the year ended June 30, 2022.

L. Adoption of New Accounting Standards

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

AHCT has adopted the requirements of the guidance effective July 1, 2021, and has applied the provisions of this standard to the beginning of the earliest comparative period presented. The implementation of this standard resulted in the entity reporting a right-to-use asset and a lease liability as disclosed in Note 4 and Note 6.

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

NOTE 2 CASH, CASH EQUIVALENTS, AND INVESTMENTS

AHCT may invest any funds not needed for immediate use or disbursement in obligations of the United States of America or United States government sponsored corporation, in shares or other interests in any custodial arrangement, pool, or no-load, open-end management type investment company or investment trust (as defined), in obligations of any state or political subdivision rated within the top two rating categories of any nationally recognized rating service, or in obligations of the state of Connecticut or political subdivision rated within the top three rating categories of any nationally recognized rating service.

AHCT invests in obligations of the United States, including its instrumentalities and agencies, and the state of Connecticut Treasurer's short-term pooled investment fund (STIF). The STIF is available for use by the State's funds and agencies, public authorities and municipalities. State statutes authorized these pooled investment funds to be invested in United States Government and agency obligations, United States Postal Service obligations, certificates of deposit, commercial paper, corporate bonds, savings accounts, banker acceptances, student loans, and repurchase agreements. These investment pools are under the control of the State Treasurer, with oversight provided by the Treasurer's Cash Management Advisory Board and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

The carrying amounts of AHCT's cash and cash equivalents were as follows at June 30:

	2022	2021
Deposits with Financial Institutions:		
Operating	\$ 528,171	\$ 542,626
Small Business Health Options Program (SHOP)	317,188	494,846
State Short-Term Investment Fund (STIF)	27,240,041	26,445,685
Total	\$ 28,085,400	\$ 27,483,157

**CONNECTICUT HEALTH INSURANCE EXCHANGE
(DBA: ACCESS HEALTH CT)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

NOTE 2 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

Deposits

Deposit Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, Access Health CT will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Deposits are exposed to custodial credit risk if they are uninsured or uncollateralized. Amounts on deposit at a single financial institution occasionally exceed the federally insured limit. To limit custodial credit risk, AHCT has implemented a zero-balance account utilizing a Treasury Repurchase Investment Account that has eliminated the overnight custodial credit risk for its commercial bank operating account. As of June 30, 2022 and 2021, \$351,927 and \$244,846, respectively, of Access Health CT's bank balance of \$851,927 and \$576,739, respectively, was uninsured and uncollateralized and therefore exposed to custodial credit risk as follows:

	2022	2021
Uninsured and Uncollateralized	\$ 266,734	\$ 195,361
Uninsured and Collateral Held by the Pledging Bank's Trust Department, not in AHCT's Name	85,193	49,485
Total Amount Subject to Custodial Credit Risk	\$ 351,927	\$ 244,846

Cash Equivalents

At June 30, 2022 and 2021, AHCT had deposits in the STIF of \$27,240,041 and \$26,445,685, respectively. STIF is an investment pool of high-quality, short-term money market instruments with an average maturity of less than 60 days. There were no limitations or restrictions on any withdrawals due to redemption notice periods, liquidity fees, or redemption gates.

Credit Risk – Cash Equivalents

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The following chart summarizes year-end ratings for AHCT as rated by Standard & Poor's:

	Standard & Poor's
State Short-Term Investment Fund (STIF)	AAAm

Concentrations of Credit Risk

AHCT places no limits on the amount of cash in any one bank. AHCT has implemented a zero-balance account as previously identified above to limit credit risk overnight. In addition, AHCT actively manages the balances held in STIF and its commercial bank operating account with the goal of ensuring that funds are available to meet all disbursements.

Total Capital Assets Being Depreciated	46,151,266	5,929,466	-	52,080,732
Less Accumulated Depreciation and Amortization for:				
Equipment and Furniture	1,424,027	13,666	-	1,437,693
Leasehold Improvements	262,677	6,251	-	268,928
Software	40,221,432	1,237,724	-	41,459,156
Right-to-Use - Leased Assets	-	404,661	-	404,661
Total Accumulated Depreciation and Amortization	41,908,136	1,662,302	-	43,570,438
Total Capital Assets Being Depreciated or Amortized, Net	4,243,130	4,267,164	-	8,510,294
Capital Assets, Net	<u>\$ 7,009,244</u>	<u>\$ 10,565,788</u>	<u>\$ 4,672,776</u>	<u>\$ 12,902,256</u>

Depreciation and amortization expense related to capital assets was \$3,201,284 and \$1,662,302 for the years ended June 30, 2022 and 2021, respectively.

(1) The beginning balance was restated due to the implementation of GASB Statement No. 87 to add Right-to-Use Assets of \$1,263,650 and related Amortization of \$404,661.

NOTE 5 CONCENTRATIONS

For the years ended June 30, 2022 and 2021, AHCT's authorization to charge marketplace assessments on the health insurance industry in Connecticut, as discussed in Note 1.H., results in a small number of large companies providing the majority of operating income.

NOTE 6 LEASES

AHCT leases equipment as well as office facilities for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through 2025.

<u>Year Ending June 30,</u>	<u>Lease Principal</u>	<u>Lease Interest</u>
2023	\$ 612,911	\$ 20,002
2024	169,241	10,307
2025	164,310	5,230
Total	<u>\$ 946,462</u>	<u>\$ 35,539</u>

Right-to-use assets acquired through outstanding leases are shown below, by underlying asset class.

	<u>2022</u>	<u>2021</u>
Equipment	\$ 507,868	\$ -
Buildings	1,263,650	1,263,650
Less: Accumulated Amortization	(834,156)	(404,661)
Total	<u>\$ 937,362</u>	<u>\$ 858,989</u>

NOTE 7 COMMITMENTS

AHCT has multiple-year agreements for licensing fees for software and related services, as well as a commitment under a DSS contract for enterprise services and support. Estimated future payments for the agreements are as follows:

<u>Year Ending June 30,</u>	
2023	\$ 1,885,859
2024	2,468,091
2025	1,187,840
Total	<u>\$ 5,541,790</u>

Components of the contract for enterprise services and support are variable based on usage. The related payments included in the schedule above are based on estimates of the expected services to be provided.

NOTE 8 RETIREMENT AND PROFIT SHARING

During fiscal year 2013, AHCT joined the State of Connecticut's Deferred Compensation Section 457 Plan covering eligible employees. The purpose of the plan is to enable employees who become covered under the plan to enhance their retirement security by permitting them to enter into agreements with AHCT to defer a portion of their salary. Participation in this plan should not be construed to establish or create an employment contract between any eligible employee and Access Health CT.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

NOTE 8 RETIREMENT AND PROFIT SHARING (CONTINUED)

In addition, AHCT established a Profit Sharing and Trust 401(a) plan for eligible employees. AHCT contributed a fixed rate of 5% of employee annual earnings and matched 100% of voluntary participant contributions, up to 5%, of annual earnings made by employees to the State of Connecticut's Deferred Compensation Section 457 Plan for the years ended June 30, 2022 and 2021.

In total, AHCT made retirement and profit-sharing payments of \$723,249 and \$726,232 for the years ended June 30, 2022 and 2021, respectively, for both benefit plans.

NOTE 9 CONTINGENCIES

Some grants require the fulfillment of certain conditions. Failure to fulfill the conditions could result in the return of funds. AHCT does not believe that any funds will need to be returned, because the stipulated conditions have been met.

DSS reimburses AHCT for the funds disbursed by AHCT for development and other costs that relate to the share of development and operational costs attributable to DSS. This share was not awarded to AHCT as part of grant awards.

AHCT is from time to time subject to legal proceedings and claims that arise in the ordinary course of business. In the opinion of management, the ultimate liability with respect to these actions will not materially affect the financial position of AHCT.

	<u>\$ 33,121,511</u>	28,838,304	<u>\$ 4,283,207</u>

Budgetary expenses are different than GAAP expenses because:

Budgetary expenses are different than GAAP expenses primarily due to encumbrances authorized during the fiscal year and not liquidated by fiscal year-end are recorded as Net Position as required by GAAP. Liquidated FY2022 encumbrances will be shown as a reduction in Net Position in FY2023 reporting. If capitalization criteria are not met, these amounts are recorded as capital assets for GAAP financial reporting purposes.

(426,984)

Depreciation and amortization represent noncash changes and are not recorded for budgetary purposes. These are reported as an expense in the fiscal year incurred for GAAP financial reporting purposes.
