Finance Update May 2015

- The Finance Team continues fulfilling its commitment to support the organization through its transition to a "going concern."
- Continue securing financial resources:
 - 2015 market based assessments received to date total \$6.9M.
- Regulatory requirements continue to be met:
 - ➤ The Third Quarter 2015 Quasi-Public Financial and Personnel Status Report was submitted to the Office of Fiscal Analysis.
 - Coordinated and completed the Quarterly Report to the Connecticut Joint Standing Committees of the General Assembly under Sec.38a-1092(a) for the first calendar quarter.
 - > Completed the quarterly Federal Financial Reports due to HHS's Payment Management Services by April 30, 2015.
- Improving business processes by commencing use the new Enterprise Resource Planning (ERP) system on May 5, 2015. AHCT will evolve from an entirely paper process to a mostly electronic one.
- The public comment period for the revisions to the procedure, "Exchange Assessments and Fees," which were approved by Board at the March 26, 2015 meeting, was completed May 7, 2015. Two public comments were received. A Board vote to adopt the procedure is needed.
- The FY 2016 Budget, along with 2016 Financial Sustainability presentations follows. These were reviewed with the Finance Subcommittee at a meeting on May 12th. The Subcommittee approved forwarding the budget to the Board for approval and also desires a discussion of sustainability and the marketplace assessment rate. The budget for 2016 for AHCT amounts to \$29.7M, approximately \$5.3M less than the expense forecast for 2015.

Connecticut's Official Health Insurance Marketplace

2016 Fiscal Year Budget & 2016 Financial Sustainability May 2015

2016 Fiscal Year Budget Overview

- Compared to 2015, the 2016 AHCT budget of \$29.7M is \$5.3M or 15.1% less than the 2015 forecast of \$35.0M. On a gross expense basis, 2016 is \$81.7M, which is \$26.9M or 24.8% less than the 2015 forecast of \$108.6M.
- •The decreases result from changes geared toward moving AHCT to maturity from a "start up", which it has been for two and a half years. Including:
 - Eliminating jobs through the use of technology
 - Reorganizing roles to have more appropriate responsibilities
 - Converting selective outside consultants to full time employees
 - •More aggressive contract renewals through effective vendor management
 - •The Integrated Eligibility System (IES) design, development and implementation (DDI) evolving to enhancements and problem resolution from major system DDI
- •The format of the budget is new and now depicts total gross expenses, expenses funded from remaining grants, Department of Social Services (DSS) reimbursements for shared services and Medicaid DDI, arriving at AHCT expenses. The latter representing operating expenses for the year.
- •AHCT expenses include \$1.0M, net for the All Payer Claim Database (APCD). No other State Based Marketplace includes its State's APCD

Connecticut's Health Insurance Marketplace

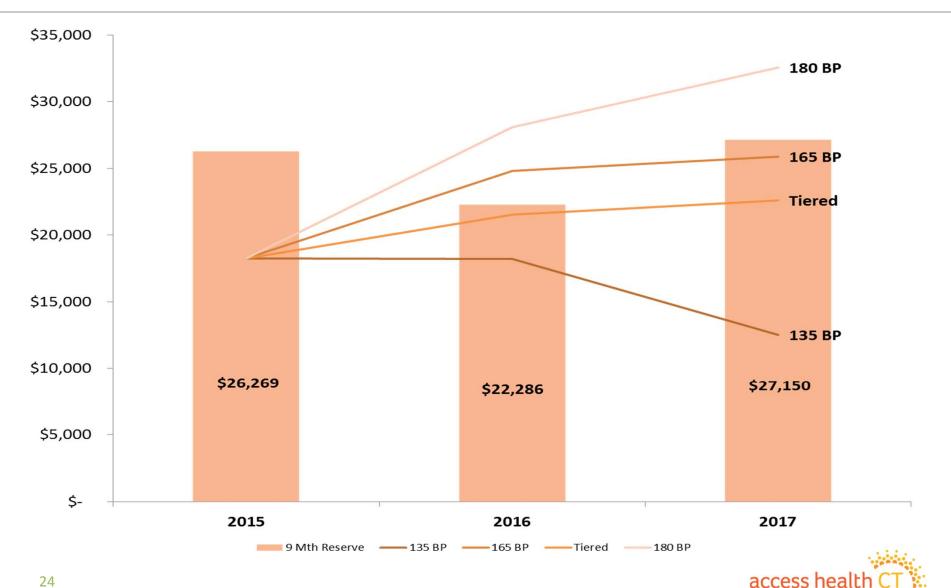

2016 Financial Sustainability

2016 Fiscal Sustainability Overview

- The marketplace assessment was approved in 2013 and was charged for the first time in CY 2014 based on Statewide Individual, Small Group and Dental premium from 2012. This timing is used to be able to rely on the most recent officially filed data by licensed carriers in the State.
- •The first assessment rate that was approved was 135 bps. This rate was pegged at providing a cash reserve of approximately 75% of AHCT's operating budget. Given that AHCT was in a "start up" mode, operating expenses varied from the assumptions. The actual reserve varies approximately from 5 to 7 months.
- •The assessment rate scenarios that follow indicate an increase in the rate will be required at some point in the next two years to provide an appropriate cash reserve of approximately 9 months.
