

FEDERAL POVERTY LEVEL (FPL) THRESHOLDS

2017 Poverty Guidelines for the United States & District of Columbia (excluding Alaska & Hawaii)

Persons in family / household	Poverty Guideline
1	\$12,060
2	\$16,240
3	\$20,420
4	\$24,600
5	\$28,780
6	\$32,960
7	\$37,140
8	\$41,320

Add \$4,180 for each additional person in family / household above 8

To calculate the FPL percentage, divide the household income by the amount in the 'Poverty Guideline' column of the table for the household size

Example: 4 person household with \$94,464 in expected annual income would be at 384% of the FPL

$$\$94,464 \div \$24,600 = 384\% \text{ of the FPL}$$

Silver CSR Plans & Associated FPL for 2017

AV Level of Silver CSR Plan Variants	Associated FPL
73% AV CSR	201% - 250%
87% AV CSR	151% - 200%
94% AV CSR	138% - 150%
