## **METHODOLOGY**

### **Audit Firm Background**

CliftonLarsonAllen LLP (CLA) is one of the nation’s leading professional services firms, and one of the largest firms specializing in the public sector. CLA performs single audits for hundreds of organizations annually, ranking top in the nation for the number of single audits performed by any CPA firm. The single audit requires a specific set of skills in order to properly perform the procedures. As such, we have developed a group of professionals who specialize in providing single audit services. Our State and Local Government Group is dedicated to serving municipalities and other government entities and committed to their specialized needs. CLA has extensive audit experience in providing services to government clients and other recipients of state and federal financial assistance. We possess significant knowledge of, and experience with, the Uniform Guidance; the State of Connecticut Single Audit Act; and federal, state, and local financial assistance programs, including grant compliance auditing. As a result, we are thoroughly familiar with the complexities and concerns that result from the requirements of compliance with financial assistance programs.

### **Audit of the Financial Statements**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Connecticut Health Insurance Exchange, which comprise the statement of net position as of June 30, 2022 and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise the Connecticut Health Insurance Exchange’s basic financial statements, and have issued our report thereon dated November 9, 2022.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued a report dated November 9, 2022 on our consideration of Connecticut Health Insurance Exchange’s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Connecticut Health Insurance Exchange’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Connecticut Health Insurance Exchange’s internal control over financial reporting and compliance.

## **Programmatic Audit in Accordance with CMS Requirements:**

### ***Report on Compliance with 45 CFR Part 155***

We have audited AHCT's compliance with the compliance requirements described in the above scope in accordance with 45 CFR Part 155 for the year ended June 30, 2022.

### ***Management's Responsibility***

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions applicable to 45 CFR Part 155.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on AHCT's compliance with 45 CFR Part 155. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and CMS. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the program occurred. An audit includes examining, on a test basis, evidence about AHCT's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with 45 CFR Part 155. However, our audit does not provide a legal determination of the AHCT's compliance.

### ***Opinion on Compliance with 45 CFR Part 155***

In our opinion, AHCT complied, in all material respects, with the types of compliance requirements referred to above for the year ended June 30, 2022.
